## *rider*

### GENERAL CONDITIONS

Dimensions: 4m width, 4m depth, 3m height (at least)

A complete black box is needed: black curtains on background and sides and black floor.

Total obscurity in the venue is essential.

### TECHNICAL NEEDS

The company will provide plans and other technical details on request.

Due to the nature of the show, we suggest a close disposition of the audience, the ideal would be in tiers.

### CAPACITY

100 persons - in spaces in tiers or venues with the audience in stalls with a good forward visibility and proximity

60 persons - in spaces not in tiers placing the audience at the same level of the stage with cushions, benches or chairs.

### AGE

+10 years old and adults

### ASSEMBLING AND DISASSEMBLING: TIMES AND NEEDS

Duration of the show: 45m

Assembling time: 3,5h

Disassembling time: 1,5h

Time between performances: 1h

Loading and unloading: 30m
