MEASUREMENTS AND GENERAL CONDITIONS

Minimum stage size: 6m width, 4m Depth, 3m Height

Full black box, including black backdrop and both sides and black floor.

Full blackout in the room is essential.

TECHNICAL REQUIREMENTS / LIGHTING & SOUND

The company will provide stage plans and other technical details upon request.

Given the nature of the performance, we recommend the audience to be seated as close as possible to the performance area. We suggest venues with tiered seating.

To be provided by the venue/promoter:

- 3 independent FOH profiles
- 1 Backlight PC
- Adjustable House lights
- Dimmers for lighting (11 channels of DIMMER on the stage floor)
- Lighting desk
- Sound mixer console, amplifier P.A. according to the venue
- The necessary equipment for the SURTITLES:
 - A black screen or horizontal scenic cloth/curtain above the scenography
 - A video projector

The company will provide the rest of the lights included in the scenography, as well as a laptop to launch playlists and their own microphone system.

CAPACITY

100 people – in tiered seating or venues with scaffolds with good sight lines and close to the stage.

60 people – in venues with no tiered seating, audience can sit in benches, chairs or cushions at the same level of the stage.
